

Welcome!

We hope that you enjoy IPHOUM 2018.

Please make time to personally visit the exhibitors during breaks and lunch time. They contribute significantly and come to the Conference to meet with you. They will be able to provide information about products and services which may be of interest to you.

We have kept the on-site documentation light-weight this time in order to be more eco-friendly. The abstracts have been posted onto the IPHOUM website at www.iphoum.com for you to refer to. To access them, see the password on page 4 of this document.
